# The Cameron Herald

ESTABLISHED 1860

VOLUME NUMBER 97 — CAMERON, MILAM COUNTY, TEXAS, THURSDAY, March 28, 1957 — NUMBER 52

# City Receives Federal Grant Of $52,931.70

A telegram from Rep. W. R. Poage, congressman from this district in Washington, to the Cameron Herald Wednesday, March 27, indicates the city is gaining a federal contribution of $52,931.70.

Congressman Poage's wire read, "Just advised by Office of Health, Education and Welfare that they had approved your application for assistance in building outfall sewage and sewage treatment plant in Cameron. Federal contribution is $52,931.70. Regards."

At a meeting of the city council at 5 p.m. Tuesday of this week, it was revealed this grant will be used to further construction of the local sewerage plant. Plans for such a plant were included in the bond election also providing for improvement of water facilities. Designated under the bond issue will be another $175,000 making it possible for the local project to be one of the most modern available.

Also at the special meeting held Tuesday, councilmen and Mayor Robert Weems advised Public Works Superintendent W. D. Bigbee to study the possibility of hiring a third man for the new garbage pickup truck. This additional mnapower can be handled under the current budget and will be needed for commercial pickups in downtown Cameron.

Bigbee, Water Superintendent Alvin Hefft, Mayor Weems and Councilmen Lincoln Mondrik, Charles Brady, Clifford Thompson and Roy Griffiths were also on hand to receive delivery of the newly purchased tractor, back hoe and loader from the H. W. Lewis Company of San Antonio.

## Rains And Mild Temperatures Form Weather Picture Locally

Fence builders and others engaged in activities concerned with the upheaval of earth in Cameron and Milam County now report local top-and-subsoils contain more moisture than at any time in the last seven or eight years.

Rainfall during the past week ending at 6 p.m. Monday, March 25, totals 1.51 inches according to the official report forwarded to the U. S. Weather Bureau by Alvin Hefft, suprintendent of the Cameron Water Department. This precipitation fell upon two separate occasions. During the 24-hour period ending at 6 p.m. Wednesday, March 20, .26 inch fell and for the following 24-hour period another 1.25 inches fell.

Meanwhile as temperatures in other sections of the state wer below freezing, locally they were much milder although reports Tuesday of this week indicate some frost that morning. At press time, no crop damage had been received although reports of farmers covering tomato and other produce crops for protection from the cold was reported.

Highs and lows for the week ending at 6 p.m. Monday follow.

| Date | High | Low |
|---|---|---|
| Tuesday, March 19 | 70 | 48 |
| Wednesday, March | 67 | 55 |
| Thursday, March 21 | 75 | 56 |
| Friday, March 22 | 83 | 44 |
| Saturday, March 23 | 75 | 59 |
| Sunday, March 24 | 64 | 44 |
| Monday, March 25 | 57 | 44 |

## Gas Employees Receive Awards

Sixteen employees of Lone Star Gas Company's Cameron district of distribution have earned certificates of merit for driving automobiles in line of company duty one to thirteen years through 1956 without an accident.

They are J. W. Clark, 13 years; W. Q. Plant, 10 years; Wesley Crouch, R. F. Seaton and J. O. Vessels, seven years; F. A. Matula, Jr., six years; D. E. Williams, local manager, Rockdale, and F H. Holcomb, Rockdale, and T. M. Kirk, five years; R. C. Cone, four years; C. M. Burke, district manager; J. L. Trdy and E. E. Ward, three years; R. J. Odstrcil, Caldwell, two years, and J. W. Beale, Jr. and E. R. Plemper, local manager, Caldwell, one year.

These awards will be presented by Merle Smith, Lone Star safety engineer, at a meeting in Cameron on April 4. In addition to certificates, the five-year safe drivers will receive their choice of a pocket knife or cigarette lighter and ten-year drivers, cowhide billfolds.

## Kiwanians Hear Hays Talk On Post Office

Speaker at the regular luncheon meeting of the Cameron Kiwanis club last Thursday, March 21, was John Hays, local postmaster and member of the Cameron Rotary Club. He spoke on phases of post office work.

The meeting was held at the Magnolia House President Ed Laywell presided.

## Buckholts Water Well Step Toward System

Work was to get under way this week in the installation of a city water system for Buckholts. The construction was to start with completion of the first water well in the city.

Water is expected to be available to residents of the town about July 4.

## Rockdale Lions Name Officers For Year

Newly elected president of the Rockdale Lions Club is Charles Hord.

Other officers include Collier Pearson, first vice president; W. T. Scurlock, second vice president. Henry A. Tyler, third vice president, and John Kinane, secretary. Pearson will also serve as program chairman.

Directors for the forthcoming year will be Sam Peebles, Bill Sage, Melvin Brickey and Clyde Franklin.

## Notice

**Local implement companies this week reached a decision to begin closing at 12 o'clock noon every Saturday beginning April 6.**

**Those companies already having reached the agreement to begin closing for this additional half-day weekly are Burkes-Howard Company, Stedman Tractor Company, Cameron Implement Company, Matyastik and Son and Maysfield Mercantile Company.**

# Milam Farmers Hear Sales Possibilities For Blackeyed And Crowder Peas Here

Blackeyed peas for the dried pea market in Milam County can reach a potential production of 2,000 acres according to J. E. Swindell, Jr., who is representative of the Dixie Bean and Pea Company of Athens.

He told county farmers at a meeting in the Minerva Community Center Tuesday night, March 26, that the market for dried blackeyed peas for the 1957 crop should run from 5 to 7½ cents per pound. Because recent rains has brought about large planting of this crop in areas specializing in peas, he is no longer contracting for crops at a set rate.

However, at this time Swindell told the farmers he would be able to contract for brown crowder peas at a rate of nine cents per pound. However, he further stated such a crop should not be undertaken on such a contract basis unless assurance of harvesting could be given. This crop must be handpicked while blackeyed peas can be combined. He further stated that usual price trends run with crowders bringing about three cents a pound more than the blackeyes.

Shell-out basis will be the means by which blackeyes will be purchased this year. This is where a sample is drawn and the percentage of cracked peas, dirt and other foreign matter is deducted from the saleable peas to figure the sales price.

Herndon Wilson of the Wilson Produce Company was also present at the meeting. Wilson Produce will pruchase dried peas for the Dixie Bean & Pea Company and handle storage in Cameron until carloads are available for shipment. Refreshments at the meeting were supplied by the Cameron concern.

Master of ceremonies at the meeting was J. D. Moore, county agent of Milam County. Attending the meeting were about 30 farmers including Dean C. Gamble, Bill Bartlett, Hubert D. Skala, Frank Skala, Jr., James C. McQuary, V. W. Hank, Frank J. Hanel, Anton Hanel, Henry Popham, Albert Horelica, Laddie Vaculin, G. B. McDermott, Bobby Hildebran, Denson Fuchs, Wilford Solomon, Bobby Williams, D. M. Rogers, Johnnie W. Elsenberg, J. T. Krull, Roy Hensley, Robert C. Clark, Assistant County Agent Lester Byrd and Mrs. D. E. McDaniel of Minerva, who assisted with the refreshments.

## San Gabriel Flood Prevention To Be Discussed In Georgetown

By H. B. Fox

Landowners and other interested citizens in the San Gabriel River watershed in Milam County have been invited to a mass meeting of all citizens throughout the watershed, which extends from Burnet County through Williamson County and into Milam, in Georgetown tonight, Thursday, March 28, at 7:30 in the Community Center in the San Gabriel Park.

"The next step in securing a flood prevention project on the San Gabriel River watershed will be taken at this meeting, and a large turn-out is vital," H. R. Collier, president of the San Gabriel River Watershed Association, has announced.

A map showing the legal boundaries of the watershed has been completed, and will be explained at the meeting.

The next step in securing a flood-prevention project will be securing approval of the State Board of Water Engineers for a water district covering the area of the watershed, and a petition to this effect will be available at the meeting Thursday night.

W. T. Moon, of the State Soil Conservation Service state office in Temple, will speak, xplaining the functions of a flood-prevention project and answering questions.

A flood-prevention project on the 500,000 acres in the entire San Gabriel River watershed, backers point out, would eliminate costly floods which have plagued landowners in the past, and would also be a strong factor in restoring underground water, through the use of numerous flood retention dams on the small creeks and branches flowing into the river. By slowing down the flow of flood waters, to where an ordinary heavy rain would require thirty days to flow down the river, an opportunity would be provided to re-charge the underground supply through seepage. In a 25-mile stretch of the river alone; it is estimated over 30 million gallons of water daily seep into the underground, the source of supply for farm and ranch wells.

## Mental Health Is P-TA Subject

"Mental Health" will be subject of the regular monthly P-TA meeting to be held in the recreation room of the Ada Henderson School at 7:30 p.m. Thursday, April 4. The program will be highlighted by a film strip.

Mrs. Carroll Green is program chairman. All the public is especially invited to attend this particular meeting and parents are asked to make every effort to attend.

At the present time, members of the Cameron P-TA are making special efforts to expand the local organization.

## Survey Of Creek Gets Underway

"Kick off" meeting was held at 9 a.m. Wednesday, March 27, in Temple to get a preliminary survey of Elm Creek started.

Present at the meeting were members of the steering committe of the Elm Creek Water Control Improvement District, District Chairman Buster Griffin of Yarrelton, Central Texas Soil Conservation District supervisors and the state planning crew.

This proposed survey will determine the feasibility of this project, probable location of most of the structures and the amount of channel work to be done on the creek itself according to the district chairman.

Some landowners may be contacted by the engineers in regards to flood damage on their farms during periods of normal rainfall. Also a general meeting may be called by the engineers to check on the interest of local people.

Due to local interest already shown, this survey is being made months ahead of schedule. Through continued support of every landowner and person living within the Elm Creek Watershed "this project can be completed years ahead of many applications already approved," Griffin said.

## Adult Scout Leaders Meet Here March 28

March meeting of the Scout adult leaders of the Tejas District, Heart O'Texas Council, Boy Scouts of America, will be held at 7:30 p.m. Thursday, March 28, at the Cameron Methodist Church.

This meeting will be in three parts. One section will be for members of the Tejas District Committee, one for unit leaders and unit committee members and the third for the Scout-O-Rama ticket chairmen.

Ticket chairmen of the Cub Packs, Scout Troops and Explorer Posts will receive tickets for distribution to the youths. The Scout-O-Rama for the Tejas District will be held Saturday, April 13, in Marlin.

## Weido's Champ To Feed Children

A 9[illegible] pound [illegible]rthorn, which was raised by [illegible]land Weido of Buckholts and which won third prize at the Houston Fat Stock Show, has been donated to the Texas Lions Camp for Crippled Children here.

The animal will provide championship steaks for handicapped youngsters who will attend two weeks of summer camp free. More than 720 campers are expectd during the season, which starts June 2.

Weido's champion was purchased by William Mitchell, Jr. of Houston and was one of two donated to the camp this year from the Houston show. Last year, Mitchell's wife started the trend by donating an 890-pound Angus.

# Nona Smith Qualifies In Mrs. America Trial

Mrs. Nona Mae Smith, 706 East 8th Street, Cameron, has qualified to compete in the Waco regional finals of the Mrs. America contest, according to an announcement by R. H. Gray, South Texas regional manager for Lone Star Gas Company. The Waco competition will be held April 1 at the Raleigh Hotel.

Other Waco finalists in the search to find America's top homemaker will be Mrs. Bob Cornforth, Jr., Hearne; Mrs. June Ford, Taylor; Mrs. W. M. Le Fevre, Wortham, and Mrs. Joe B. Allen and Mrs. Dorris Munn, both of Waco. These six finalists were chosen from among the dozens of entries from Lone Star's South Texas Region. Judging was in accordance with standards of procedure set up by the National Mrs. America Committee. The South Texas Region includes Cameron and some 115 other cities and towns from Kerrville and Bryan north to Waxahachie.

The winner at Waco will represent the South Texas Region at the state finals of the Mrs. America contest at the Statler Hilton in Dallas, April 10-11, where she will compete with 17 other top Texas homemakers. The winner in Dallas will be crowned "Mrs. Texas 1958" and will go with her husband to the national finals at Fort Lauderdale, Fla., May 7-14. The winner here will reign as "Mrs. America 1958" throughout the coming year.

First prize in the Waco eliminations will be a new, fully automatic gas range, with the other five homemakers each receiving a $25 United States Saving Bond.

Mrs. Smith will carry the title of "Mrs. Cameron" into the regional finals and to the state finals if she wins at Waco.

Mrs. Smith, a native of Sherman, has a home economics degree from Mary-Hardin Baylor College. She is active in the Parent-Teacher Association, Three Arts Club, American Cancer Society, Bi-Weekly Bridge Club, Ladies Golf Association, Milam County Tuberculosis Association and Cameron Country Club.

Her husband, a local physician, is on the Board of Stewards of the First Methodist Church, is president of the Milam County Medical Society and Chairman of the Milam County Cancer Society.

They have four children, two daughters, Linda Diane, 8, and Rebecca Ann, 6; and two sons, Kermit, 4, and Kendall, 6 months.

In all the contests the women will be judged on cooking, baking, sewing, ironing, family meal planning, personal attractiveness, poise, personality, family life and contributions to their communities.

Other regional finals in Lone Star's area will be held the first week in April in Dallas, Fort Worth, Sherman and Abilene. The other finalists at the Statler Hilton will come from the operating territories of Southern Union, Houston Natural and United Gas Companies.

MRS. AMERICA POTENTIALITY from Cameron is Mrs. Nona Mae Smith, who has qualified to compete in the Waco regional finals of the national contest. She will compete with five other area women in Waco for regional honors. Selected winner at Waco, the Cameron homemaker would then go to Dallas for the "Mrs. Texas 1958" contest for the opportunity to acclaim the right to attend the national finals in Fort Lauderdale, Florida, May 7-14. The winner there will reign as "Mrs. America 1958" throughout the coming year.

## News Briefs

Coca-Cola Bottling Company of Cameron, which is headed by Gene Blake, has recieved an award at the 18th Annual Safety Conference in joint session with the governor's Highway Safety Conference in Houston. The Cameron concern receives its award for 1956 safety records set in Group II, Beverage Division, in industrial fleet operations.

## The Wee Hours

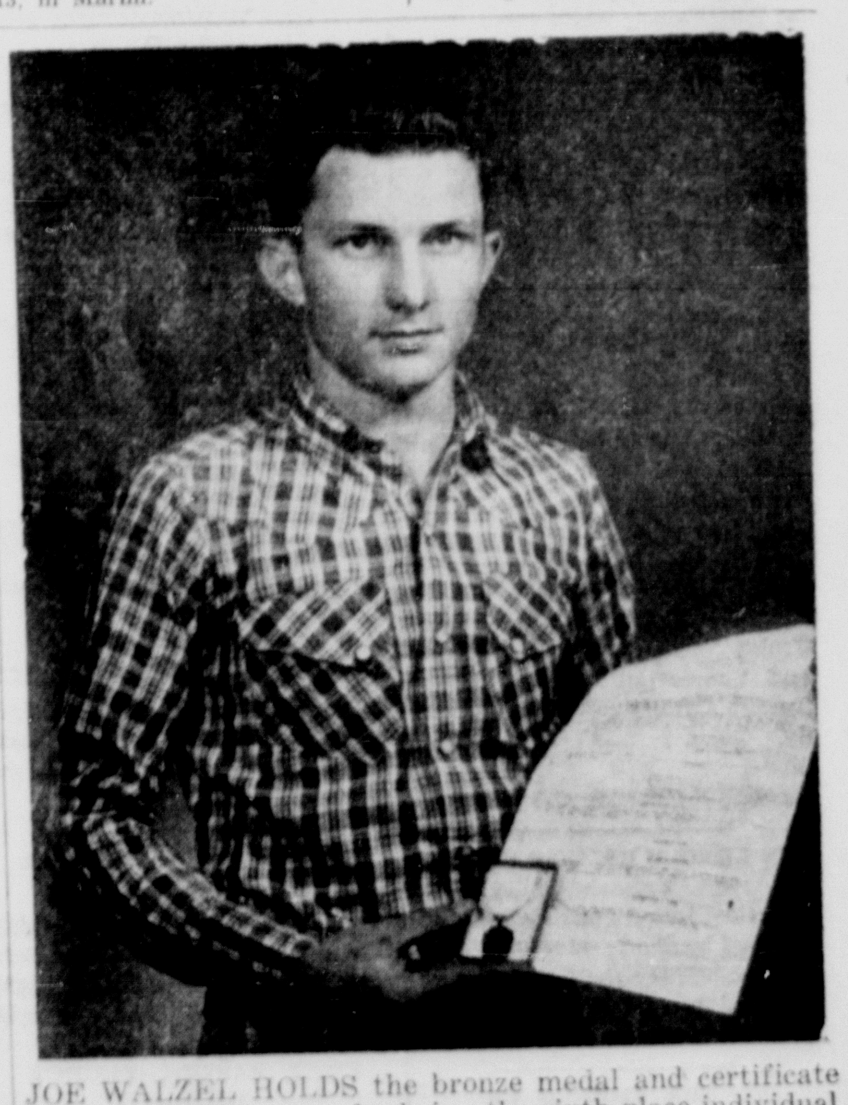
By Your Police Reporter

All was quiet at the Cameron Police Station as the radio dispatcher, the night patrolman and the P.R. sat waiting for "who knows what!"

Radio traffic was at a standstill and the dispatcher was filling out forms. The patrolman was getting ready for his rounds with the clock. With no happenings of interest, the P.R. was about ready to call it a night and go home to hit the sack.

Suddenly from the radio loudspeaker came a call from the station in a nearby city to one of the patrol cars in that metropolis. Instructions given brought a laugh from those in the Cameron station as they stood by to await future developments in this particular incident.

The neighboring radio dispatcher had requested its patrol car to proceed to a certain address to question a party against whom a complaint of "stealing a squirrel" had been reported.



JOE WALZEL HOLDS the bronze medal and certificate for $125 which he won for being the sixth place individual in the livestock judging contest at the Houston Fat Stock Show recently. He scored 166 points out of a possible 500. According to Assistant County Agent Lester Byrd, Walzel has used the $125 to purchase a calf that he plans to enter in the Milam County and Houston livestock shows in 1958.

# Worship together this week

We are well blessed. The doors of our churches and synagogues are wide open... waiting for us to enter. Set aside a time each week... a time apart from the "busyness" of living. You'll find more joy in each day, if you give some time each week to worship.

And the Wolf family here—will you just look at those boys! They're feeling very grown-up and proud as punch, going to a Service with Mom and Dad.

Here's Dave Judson and Bill Miller. Good friends for a good many years now. They hardly ever "talk" religion—they just always find time to get to Services each week.

Ever been a stranger in any town? Then you've known loneliness. And you know how comforting it is to come upon a church or synagogue ... where the doors are always wide open to everyone.

Sunday School at 10 a.m. Morning worship at 11. BTU at 7:45, followed by evening worship.

## Easter Seals To Aid Crippled

A sure sign of spring is the opening of the 1957 Easter Seal Appeal in Texas and the nation according to Richard Williams, treasurer of the Milam County Chapter for Crippled Children.

Spring's Harbingers - Easter Seals decorated this year with lilies and tulips - cascaded into the mails recently for delivery to more than 36½ million American homes.

In Texas alone, this year's mailing will reach into a million homes, according to Euclid Hudson, president of the Texas Society for Crippled Children and Adults and 1957 Easter Seal campaign chairman for Texas. Seeking support for the continuation and expansion of Easter Seal services for crippled children and adults, the Appeal, conducted by the National Society for Crippled Children and Adults and its 1.655 affiliated local groups in all states and territories, will continue through Easter Sunday, April 21.

"Every American will have the opportunity to help crippled children this year," Hudson said. "In the real spirit of Easter - and of spring - we hope for the greatest outpouring of support from the public in the history of the Easter Seal Society.

"It is important that this should be the greatest campaign, for although medicine has overcome some of childhood's important cripplers, accidents are on the increase and, with our rapidly expanding population, the number of children crippled at birth increases correspondingly.

"Fortunately in our democratic way of life each of us can help one of these crippled children to overcome his particular crippling condition through our own gift of a very small portion of our money. Each of us can know with certainty that our dollars have given a crippled child a chance at a full life, when we give to Easter Seals."

The 1957 Easter Seal Appeal seeks funds to support a $15 million program of care and treatment services for crippled children. Hudson said that the Texas goal is $300,000.

In the past year, nearly 150,000 crippled children and adults in the United States benefited from Easter Seal services.

In Texas, 5,514 children were served last year by the Society in the 30 strategically located treatment centers it has established in this state since 1946. Other services provided wheelchairs, braces, crutches, artificial limbs, orthopedic and plastic surgery, transportation, hospitatlization, psychological evaluation, education, employment, recreation, custodial care and rehabilitation for the crippled in Texas.

The Society serves all crippled persons, regardless of the cause of crippling, and regardless of race, creed, color or financial status.

Approximately 90 per cent of funds raised during the annual Easter Seal Appeal finances services within the state where raised. The remaindr goes to help support a national program of service, education and research conducted by the National Society.

According to a University of Chicago study, banking today rates as one of the top four careers in prestige value. It outranks law, architecture and dentistry.

## THAD SAYS . . .

"In 1952 and again in 1956, we Texans endorsed President Eisenhower and his policies by landslide majorities His leadership, I believe, has been good for Texas and the entire country.

Thad Hutcheson

"The President's task has not been made easier by a Congress controlled by the opposition party. Legislation he has asked for has often been delayed or thrown out altogether. An unfriendly committee recently cut 26 million dollars from the drouth relief appropriation he asked for. My election would provide the President the friendly Senate he should have to hasten and complete his programs. Thad Hutcheson is the only candidate for the Senate who has been endorsed by the President. I urge you to send me to Washington to work with Mr. Eisenhower."

Paid Political Adv.

# Seasoned Gridsters Form '57 Yoemen

Having completed spring football, Coach Leo Jackson and Assistant Coaches Jim Speer and Murphy Webster are looking forward to seeing the Yoemen go through one of the best seasons of the local grid team's history.

Coach Jackson's backfield will be experienced men, who during the 1956 season showed great promise both on the defensive and offensive. With the loss of the heaviest men on the squad from the center of the line, the defensive backs showed great promise during spring training in line backing.

On the offensive side of the game, Guy Dillon, Warren Rinn and Arthur (Monkey) Marek during the last season were the outstanding ball carriers. Dillon with his line plunges carried the pigskin for a total of 161 times for a yardage gain of 814 yards, an average of 5.1 yards per try.

Rinn and Marek were broken field runners and each showed great improvement with each successive game. Rinn carried 85 times for a total yardage of 493 or an average of 5.7 yards for each attempt while Monkey carried 64 times for 314 yards, an average of 4.9 yards. Other ball handlers with times carried, yardage gained and average per carry include Hubert Marak, 44, 285, 6.4 yards; Johnny Davis, 20, 132 and 6.6 yards, and Jesse Kirk, 3, 10 and 3.3 yards.

Allen Dodson up from the B squad for the next season shows promise as an offensive back and will be a possible first string line backer for the Yoemen's defense power. His greatest problem at present being the need of some added weight.

Bobby Elliott, quarterback and passer for the Yoemen during 1956, attempted a total of 59 passes with 25 completed. With better than 40 percent of the Yoemen's passes completed, they gained 341 yards in aerial attacks during the past season.

Yoemen scored 134 points during the 1956 season as compared with 125 points tallied by their opponents.

Fans, players, coaches and a majority of their opponents are looking forward to the next season during which with luck against injuries and illness, the Yoemen should go through the season without a single loss. Post-season games in their potential climb to AAA State Championship, will be tough, but it will be a surprise to none should the local gridsters reign supreme in the year coming.

More than 300 million pounds of fruits and berries are used in the manufacture of jams, jellies and preserves each year. Strawberry jam and grape jelly are the two national favorites.

## "Giant" Opening Here Tomorrow

George Stevens' production, "Giant," opens at the Milam Theatre tomorrow, Friday, March 29, for a full week's run. It stars Elizabeth Taylor, Rock Hudson and James Dean.

The film is an adaptation of the Edna Ferber best-seller "Giant,' the tenth of the authoress' works to have reached the screen. "Cimarron," "Show Boat," "Stage Door" and "Saratoga Trunk" were among the others. In Warner Color, "Giant" was more than three years in production filmed on location in Virginia, Texas and California.

Elizabeth Taylor, often referred to as the most beautiful woman in the world, portrays Leslie Benedict, wife to Rock Hudson as Bick Benedict, wealthy ruler of a vast empire of land. The popular actor previously won acclaim for his dramatic performance in "The Magnificent Obsession."

James Dean, who rose to stardom in his very first motion picture, "East Of Eden," for which he also won an Academy Award nomination, stars as Jett Rink, an ambitious ranch hand who by sheer energy and determination fulfills his dreams of riches, and becomes one of the wealthiest of Texans. It is reportedly Dean's finest portrayal.

Carroll Baker, an actress of exceptional talent, makes her screen debut in the film. She is soon to be starred in Elia Kazan's "Baby Doll." Jane Withers, Chill Wills, Mercedes McCambridge and Sal Mineo also star.

## Women Keglers In Close Games

Women on the various bowling teams in the Cameron Women's Bowling League during the week of March 11-14 were displaying keen competition at the local alleys.

National Hall Club rolled high score for teams in single games with a 545. However, the Vaculin Service Station group was right on the National team's heels with 544 for second place while New Cameron Drug was third with 535.

High for three game series was also captured by the National Hall team with 1,577. Pearl keglers were second with 1,513.

Individual kegler bowling high score in a single game was Dorothy Dillon, who rolled 169. Audrey Boyce was second with 161 and M. Mosopust and Mollie Zovodny tied for third with 159.

Bertha Balhorn and Della Moraw tied for bowling the lowest games and were awarded a shampoo and set with the compliments of Audrey's Beauty Shop. Muerill Mosopust picked up the most spares in one game for which she received a box of candy with the compliments of the New Cameron Drug Company.

## Dean's Honor Roll Lists D. E. Johnson

Donald Edward Johnson of Cameron is one of 490 students in the University of Texas College of Arts and Sciences to have been commended for "distinguished academic accomplishment."

His fall semester grades won for him recognition of "Cum Laude" in his particular school at the University of Texas.

Normal load for students in Arts and Sciences is five three hour courses. Honor roll on which Johnson has been named was announced during the past week by Dean Harry H. Ransom.

## Civic Garden Club Sets Date For First Iris Show On April 10

Members of the Civic Garden Club have set the date for Cameron's "First Iris Show" for Wednesday, April 10. Hours of the show will be from 3 p.m. until 7:30 p.m. on that date.

This decision by the club members was made at the regular March meeting. Mrs. Leo Fuchs has been named to serve as general chairman of the show.

Schedule chairmen will be Mrs. Frank Schiller, Mrs. L. R. Wallace, Mrs. R. G. Grabein and Mrs. Fuchs. Mrs. Schiller will be chairman of the classification committee while Mrs. Wallace will handle entries for the show. Secretary and clerk to the judges will be Mrs. Grabein.

Staging and placement of entries will be done by Mrs. Roy Wright. Mrs. A. L. Horstmann is publicity chairman and Mrs. J. D. Moore hospitality chairman.

This show is open to any Iris enthusiasts in this area and the judging will be in accordance with the rules and standards of the American Iris Society.

Miss Grabein, president of the local club, presided at the March meeting. Members elected delegates to the State Convention to be held in San Antonio on May 7, 8 and 9. These delegates are Mrs. Grabein, Mrs. Moore and Mrs. Fuchs.

Mesdames Grabein, Schiller, Fuchs, Moore, Alvin Dusek, W. R. Newton, Sr., Auttis Franklin, O. G. Tumlinson and John Ryan attended the District V meeting at Buchannan Dam on March 21.

Guests at the regular meeting this month were Mrs. Grady Cooper, Mrs. Bartow Jackson and Mrs. O. A. White. New members welcomed into the club are Mrs. Dewey McElwreath, Mrs. H. C. Jones and Mrs. W. M. Fannin.

Mrs. Moore was speaker for the program. Her subject of discussion was "Corsages" with a workshop following the lecture.

Farm and home accidents can be reduced when farm people include in their everyday living a safety consciousness that becomes a part of every job whether on the farm or ranch or in the home. "Make safety your business," advises the Texas Farm and Ranch Safety Council, "then live to enjoy it."

General Randolph McCall Pate is the 21st officer to head the U. S. Marine Corps.

**ENGAGEMENT ANNOUNCED** by Mr. and Mrs. Harry Lowell Gless of Edna of their daughter, Miss Carolynn Gless to Eddy Lankford, nephew of Mr. and Mrs. Narvie L. Caperton of Cameron. The couple plan to be married on Thursday, April 18.

## Lenten Suggestions Of Cottage Cheese

During the 1957 Lenten season, cottage cheese in the Cameron and Milam County areas is becoming a leading dish served on many families' at lunch, dinner and supper.

Recipes suggested include mushroom-cottage cheese pie and frozen cottage cheese and pineapple salad. These two are outlined here.

**Mushroom-Cottage Cheese Pie**

Two tablespoons butter, a half cup sour cream, quarter cup diced onion, one teaspoon salt, two cups hot cooked potatoes, one-eighth teaspoon pepper, one-three ounce can chopped broiled mushrooms, a half teaspoon gravy maker, two eggs well beaten, one pound creamed cottage cheese and one nine-inch pastry shell, unbaked.

Melt butter in small saucepan. Add onion and cook over moderate heat five minutes, stirring occasionally. Meanwhile, cook and sieve potatoes. Stir in mushrooms, cheese, sour cream, salt, pepper, gravy maker and onions. Mix thoroughly. Fold in beaten eggs. Pour into unbaked shell. Bake at 375 degrees Fahrenheit for about one hour or until puffy and brown. Serve hot as main dish.

**Frozen Cottage Cheese and Pineapple Salad**

One and a half cups cottage cheese, three fourths cup whipping cream, half teaspoon salt, three fourths cup drained, shredded pineapple, half cup finely sliced dates, fourth cup mayonnaise or salad dressing and three tablespoons lemon juice.

Drain off excess moisture from cheese and beat with a fork or electric mixer until smooth. Whip cream until stiff, then fold in cheese. Add seasonings, well-drained pineapple and dates; pour into a waxed paperlined freezing tray of refrigerator. Freeze at coldest temperature. Cut into slices, arrange on salad greens and serve with additional dressing. (Allow about three hours for freezing salad.) Serves six persons. Serve with nut bread and butter sandwiches for a Dessert Bridge.

## E. L. Rischar Dies In Hospital

Funeral services were held at 10 a.m. Saturday, March 23, 1957, for Ernest L. Rischar, who died in a Cameron hospital at 8:30 p.m. Wednesday.

Final rites were conducted by the Very Rev. George J. Duda, pastor of St. Monica's Catholic Church in Cameron where the services were held. The Rev. Alfred Kallus assisted Father Duda. Interment was in St. Monica's Cemetery.

Rosary was recited at 8:30 p.m. Friday at Marek-Burns Funeral Chapel.

A native of Germany, Rischar had lived in Cameron for most of his life. He is survived by one sister.

## Doris Schiller Weds Leo Vrazel

Miss Doris Schiller and Leo Vrazel exchanged wedding vows in St. Cyril and St. Methodius Catholic Church in Marak at 8:30 a.m. Saturday, March 2, 1957.

Rev. Rafael Gerskovick, pastor, performed the double ring ceremony before an altar flanked with pots of white chrysanthemums.

Given in marriage by her father, the bride wore a floor length dress of chantilly lace over satin which featured a Peter Pan collar and ruffled skirt. Lace sleeves tapered to points at the hands. Her veil was of imported French illusion and she carried a bouquet of white carnations.

Miss Alice Dohnalik of Marak attended the bride as maid of honor. She wore a floor length dress of pink net over taffeta. Bridesmaids were Miss Bernice Vansa of Marak, Miss Carolyn Ruzicka of Temple and Miss Vlasta Hrachovy of Cameron. They wore dresses identical to that of the maid of honor in shades of orchid, yellow and blue. Each attendant wore a carnation corsage.

Flower girl was Miss Margaret Susik of Cameron. She was dressed in white net over taffeta.

Louis Vrazel of Marak served as best man. Groomsmen were Alfred Vrazel and Ladis Vrazel of Marak and Louis Schiller, Jr., of Temple. Jimmy Kopriva of Cameron was ring bearer.

Witnesses were Joe Vrazel, Jr., and Lawrence Vrazel, Jr., both of Marak.

Following the wedding a dinner, supper and dance were held at the Country Bar Hall at Marak. The bride's table featured a three tiered wedding cake centered with a miniature bride and groom.

For her daughter's wedding, Mrs. Schiller chose a navy blue dress. The groom's mother was also attired in navy blue. Both mothers wore white carnation corsages.

Mrs. Vrazel, daughter of Mr. and Mrs. Louis Schiller, Sr., of Temple, is a graduate of Temple High School. The groom is the son of Mrs. Joe Vrazel of Marak. He attended Yarrelton school and is now stationed with the U. S. Army at Fort Hood.

Out-of-town guests were from Dallas, West, Temple, El Campo, Angleton, Buckholts, Aqua Dulce and Cameron.

Solitaire, which is experiencing a revival of popularity in this country, is supposed to have been invented by a French political prisoner in the Bastille in 1650.

MOTHER'S DAY, MAY 12

**NEW! FOR COTTON**
**Eliminate 2 to 4 early-season dusts or sprays!**
**Plant seed treated with THIMET®**

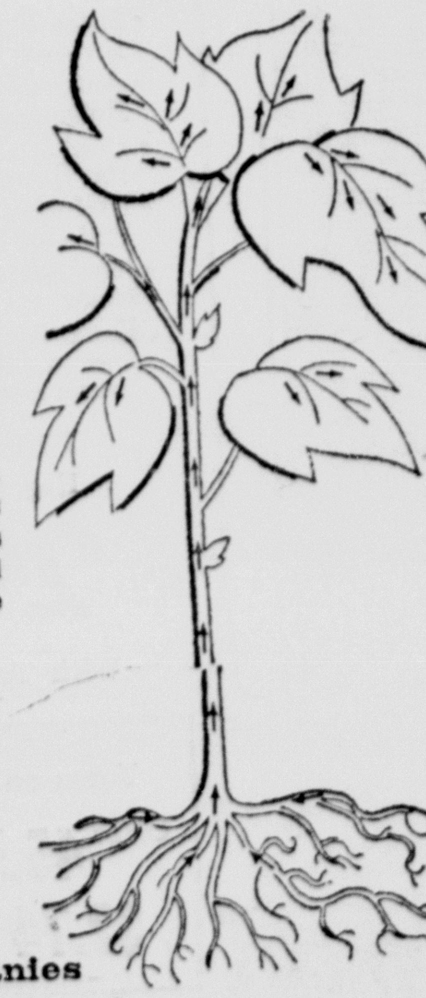
**Revolutionary new insecticide—applied by commercial seed treaters—grows into plant, makes cotton deadly to thrips, aphids, mites through first 6 weeks of growth.**

**Systemic action of Thimet** gives plants "built-in" protection. You save the time, money and labor normally required for first six to seven weeks' spraying or dusting.

**Protects all parts of all plants during critical early weeks.** Ordinary sprays or dusts protect only parts of plants covered by insecticide. But because Thimet actually grows into the plant, it protects *every* leaf, *every* stem, right from the start. Plants actually kill insects *before* they can do damage.

**Eliminates problem of timing sprays or dusts.** No matter *when* thrips, spider mites and aphids strike, your cotton *stays* protected. Even when fields are too muddy for conventional spraying or dusting equipment.

**Proved in 3 years of testing ... 1 year of grower use.** Thimet was developed by American Cyanamid after years of research and experimentation. It has been successfully tested by state and federal experiment stations throughout the south.



**How Thimet® works.** As plant sprouts from treated seed, Thimet is absorbed and sent to *all* parts of plant tissue. Entire plant becomes toxic to insects. After Thimet's job is done, it breaks down, leaves no harmful residues in cotton fibre or seed.

**These companies will treat your seed or supply seed treated with THIMET:**

Eastern Seed Company • Taft, Texas
Rogers Delinted Cottonseed Co. • Waco, Texas
Southwest Sprayer & Chemical Co. • Waco, Texas
Southwest Agricultural Supply Co. • Rockwall, Texas

## Milam Native Dies At Home

Ed Morgan, 73 and a native of Milam County, died at his home in Val Verde on Wednesday, March 20, 1957. He had been ill for two years.

Funeral services were held at the graveside in McCan Cemetery near Rogers at 1:30 p.m. Friday. The Rev. Gus Hayworth of Temple officiated.

He was the son of the late T. K. Morgan. Survivors include his wife; four sons, Dee of Rogers, Tom of Brenham, P. T. of Fort Worth and W. F. Morgan of Holland; three daughters, Mrs. Walter Mayes of Rogers, Mrs. D. W. Woods of Belton and Mrs. Johnnie Woods of Troy; 37 grandchildren and six great-grandchildren.

## FFA Representatives Attend District Meet

Miss Peggy Burke, the Cameron FFA sweetheart, attended the District Sweetheart Banquet in Lexington on Thursday night, March 14. Accompanying her as an attendant was Miss Myrna Gail Jackson.

Other guests attending the banquet from Cameron included the local vocational agriculture teacher and his wife, Mr. and Mrs. Pat Kelley, and the assistant agriculture teacher and his wife, Mr. and Mrs. F. M. Davis. Cameron FFA members attending were Benny Reynolds, a member, and Carroll Jungmann and Adrian Richter, voting delegates.

Local persons at the banquet and representatives of FFA chapters from throughout the district enjoyed a barbecue which was followed by the queen's contest and the talent competition.

## Cameron Rotarians Name New Officers

New officers and directors of the Cameron Rotary Club will take office as of July 1, 1957. Retiring directors are Gene Blake and Bill Burns while the retiring president is Henry Siebman.

President elect of the local Rotarians will be C. M. Burke. The retiring president will be serving for the year beginning July 1 as the new vice president while George Childress has been re-elected secretary.

New directors of the Rotary Club here in Cameron are Burke, O. A. White, Bill McIntosh, J. A. Asher, Childress, Milton Schiller, and Siebman.

The motor fuel used in the Iwo Jima campaign would have filled a train of tank cars 238 miles long and the lubricating oil would have filled an additional 125 box cars.

A few centuries ago the kind of bread a baker sold his cutomers indicated the buyer's standing. The degree of freshness was of great import, too. Freshly baked was for royalty, one-day old for nobility, two day old for the gentry, three-day old for scholars and friars, and four-day old for the peasants.

# Butcher Calves Pay To $22.10; Stockers To $21.00 At Auction

Butcher calves at the Cameron Livestock Auction last Thursday, March 21, were paying to $22.10 while stocker steer calves paid to $21. Good cows and calves were bringing from $125 to $150.

A total of 93 sellers at the local market brought 353 head of cattle to the sale while 60 buyers including 16 representatives of packers were on hand for the day.

The rain Wednesday night gave the area stock water and made the dirt and gravel roads so muddy that receipts locally were lighter than would have otherwise been, auction officials said. However, a large crowd of spectators were reported present and demand was very strong on all the classes of stocker cattle and especially so on good cows and calves.

Increases in prices on stocker classes over the previous week included 50 cents on stocker steers, $1.00 on stocker steer calves, $2.00 on stocker heifer calves and cows and calves sold in pairs from $5 to $15 with plainer kinds showing the greater increases. Butcher calves and yearlings were also up from 50 cents to a dollar over the previous week.

Offerings last Thursday at the Cameron Livestock Auction were composed of butcher calves, 40 percent; fat cows, 10 percent; stocker cattle and calves, 49 percent, and bulls, one percent. Auction representatives declare a "good many more fat cows than we are getting" can be handled here.

Top hogs last Thursday were bringing $17 per hundredweight for those in the 200-240 pound class. The local yard also buys hogs daily, paying prices on number one butchers based on 75 cents under the Fort Worth packer top prices.

Complete range of prices on cattle appearing at the Cameron market last week follow. They are butcher calves, $18 to $22.10; butcher yearlings, $16 to $20; fat cows, $10.50 to $13; canner and cutter cows, $8 to $10.50; stocker steers, $14.50 to $17; stocker heifers, $13 to $15; stocker steer calves, $16 to $21; stocker heifer calves, $15 to 20; bulls, $13 to $14.50; good cows and calves, $125 to $150; medium cows and calves, $100 to $120; and plain cows and calves, $75 to $100.

## Salk Vaccine Shown To Be Very Effective, Dr. Bryson Declares

Effectiveness of the Salk Vaccine for polio has been thoroughly demonstrated during the last three years—during the 1954 field trails, the 1955 National Foundation of Infantile Paralysis program of giving the polio vaccine to the first and second grade children and the 1956 general use of vaccine for all children under 20 and for pregnant women according to Dr. John Bryson, Milam County Health Unit director.

In 1956 there were reported 1352 cases of polio in Texas compared to 1919 cases in 1955. The cases in 1956 were classified as 731 paralytic, 569 non-paralytic and 52 of unspecified type. This decrease is even more dramatic considering that 1956 started out as a high-ly polio year. The widespread use of the Salk Vaccine prevented more cases.

During the first ten months of 1956 there were reported 37 cases of paralytic polio among 1,653,614 Texans who had received one or more injections of Salk Vaccine for a case rate of 2.24 cases per 100,000 persons. Fourteen of these cases had only one injection, 23 had two injections and no one who had three injections was paralyzed. Compared to this were 412 paralytic polio cases among an estimated 1,889,586 persons under 20 who had not received any polio injections. This was a case rate of 21.80 or almost ten times as great.

The people in Milam County who have not had these valuable injections should do so before the onset of the polio season in a few months. The supply of vaccine is plentiful at all doctors' offices and at the Milam County Health Unit. However, the vaccine at the Health Unit is limited to persons who are unable to pay and these must be in two categories: (1) pregnant women of any age and (2) persons under 20.

If the family feels that paying for the vaccine will work a hardship they can discuss it with the family doctor and arrangements will be worked out. The polio vaccine at the Doctors' offices is available to persons of all ages. Most authorities recommend polio injections for all persons under forty. Although cases among the young adults are fewer in number, the cases are usually much more serious in nature with more permanent paralyses or deaths occuring.

## News From Jones Prairie

Benny Massengale arrived Saturday from the Navel Base in San Diego, California, where he has completed boot-training and will spend a 14-day leave here with his parents, Mr. and Mrs. Ben Massengale. At the termination of his leave, he will go to Norman, Oklahoma for further assignment. ## Last Rites Held For Frank Masar

Final rites were held at 10 a.m. Monday at St. Monica's Catholic Church in Cameron for Frank Masar, 64, who died at his home Saturday, March 23, 1957, following a heart attack. He lived in the Pettibone community.

The Very Rev. George Duda and the Rev. Alfred Kallus of the local church officiated. Interment was in the Maraksville Cemetery. Marek-Burns Funeral Home was in charge of arrangements.

Survivors include two sons, August of Fort Worth and Frank Masar, Jr., of San Antonio, and two daughters, Mrs. Ed Geisler and Mrs. Kause, both of San Antonio.

## John Meek, Sr., Dies March 23

John Meek, Sr., 77, a farmer in the Burlington community, died in a hospital here at 8 a.m. Saturday, March 23, 1957.

Born in Germany in 1879, he came to the United States at the age of 18.

Rosary was said at 7:30 p.m. Monday at the Marek-Burns Funeral Home. Funeral services were held at 9 a.m. Tuesday, in St. Monica's Catholic Church. The Very Rev. George Duda and the Rev. Alfred Kallus officiated. Burial was in St. Monica's Cemetery.

He is survived by his wife; four sons, Rudolph, Raymond and John Jr., all of Burlington and August Meek of Vega; eight daughters, Mrs. Anton Anderle of Cameron, Mrs. Ida Olbrich, Mrs. Mary Gausemeir and Mrs. Ben Fuchs, all of Burlington, Mrs. Albert Bruggman of Rosebud, Mrs. John Hinkel of Forth Worth, Mrs. Jerry Doskacil and Mrs. Awald Sitz, both of Houston; a sister, Mrs. Mary Barnes of Palestine; 28 grandchildren and five great-grandchildren.

## Miss Lu Asher Heads Student Publication

Miss Lu Wane Asher of Cameron, senior journalism student at Baylor University, has been named spring quarter editor of the Baylor Lariat, campus newspaper.

Lu Wane, former Lariat society editor, was elected chief executive of the student newspaper by the Baylor Board of Publications.

Active in many phases of campus life, Lu Wane is a member of Theta Sigma Phi, women's national journalism fraternity; Chi's, women's service organization; Pi Alpha Lambda, social club; Kappa Delta Pi, National education society, and Alpha Chi, scholastic group.

In addition to these activities, Lu Wane has maintained an "A" average in her academic work.

She is the daughter of Mr. and Mrs. J. H. Asher of Cameron. She is a 1954 graduate of Yoe high school.

## No New Records, Set In Meet

For the first times in years, the twenty-second Cameron Relays were run last Saturday, March 23, during which not one of the 14 records were broken.

High winds and a cold front handicapped the spiked shoe enthusiasts from the beginning to the end of the meet. Officials of the meet, which is sponsored by the Cameron Junior Chamber of Commerce, reported this to be the first time in the history of the "now top relay schoolboy track meet in Texas" that not a single record wasn't reset.

Only schools showing in the meet from the immediate Cameron area were Rogers with 8 one-third points and Rosebud with 3 points. Top three honors went to the Waco Tigers with 33½ points, Port Arthur with 23 and Brenham with 17 points. Port Arthur was the defending champions in this year's track meet.

High point track star of the meet was Calvin Jannar of the Brenham squad with 17 points. Jack Hawkins led the Waco group with 9¼ points.

Larry Harbour of Rogers received all his teams' points in scoring. He won the broad jump with a near-record of 20 feet, 10 inch leap and tied with three other competitors for second place in the high jump.

The three points accounted for by the Rosebud team came in a second place finish in the high hurdles by Bill Schneider.

## Milam Explorers Visit Ft. Hood

Explorer Scouts of Tejas District spent a Friday and Saturday recently at Ft. Hood.

Explorer Scouts are the older boys program of the Boy Scouts of America. The officers of the Third Corps Academy were in charge of the program for this week-end and they went all out to give the Explorers an overall picture of the activities at Fort Hood.

The Explorers arrived at Fort Hood at 9:30 Friday morning. They were taken to the Third Corps Academy, assigned to barracks and then a conducted tour began.

During th rest of the morning they visited the Ordnance work and repair shops where repair work was being done on all of the motor type vehicles including tanks, motor trucks and many other motorized pieces of equipment.

Here they had a chance to see the newest tank that is now being tested for use in the United States Army. This huge tank weighs 62 tons and can travel at a speed of 25 miles per hour. During the rest of the morning they visited the sports arena, special service club and the training aids workshop.

**Army Dinner**

Following dinner at the Third Corps Academy mss hall they toured a Tank Battalion Motor Pool where they saw all types of tanks and armored personell carriers. From here they went to an Armored Engineer Construction Battalion and saw the equipment that is used for heavy construction work. A tour of one of the new permanent barracks was next. Following this they returned to the Third Corps Academy and the rest of the afternoon was spent visiting the small arms school and the radio operators school.

During the evening the Explorers were free to do several things. Most of them attended a movie at one of the base theatres, then went to the sports arena and watched the boxing matches, then back to the Third Corps Academy to a recreation room and watched the NCAA basketball play-off between Kansas and SMU.

**Firing Range**

The next morning following breakfast the Explorers were taken out to the tank firing range and watched light tanks firing 75 mm. cannons at moving targets. From the tank range they went to the machine gun range.

Following their return from the firing ranges the Explorers were shown some special army films. These films includd som sport films, the story of West Point and a film showing the rise and fall of Hitler, Mussolini and other dictators including the communists.

Following these movies and lunch the Explorers checked out and returned home. Explorers from Rockdale, Cameron and Marlin participated in this Tejas District Explorer activity.

## School Elections . . .

Election of members of the Board of Trustees for the Cameron Independent School District on Saturday, April 6, is almost completely over-shadowed by the city and state elections set for next Tuesday, April 2.

F. W. Vogelsang has announced he will seek re-election for the seat he now holds on the board. Herbert Colburn says he will not be up for re-election as he believes a member of the school board should have children attending the schools in Cameron.

As of last Friday, such was the way candidates for this particular election stood. Colburn's reasoning for not running again is sound and opens the way for persons with children attending Cameron public schools a free opportunity in voicing their opinions directly in the manner of education practices of their own children. It also leaves a vacancy on the ballot for those without children but with an interest in good education.

Members of the school board receive no compensation other than the opportunity to be greatly criticized for the way in which their and their neighbors' children are taught in elementary and secondary education here. However, this is a job that must be undertaken by some citizens within our community. A job that can shape the destiny of our community, our state and our nation as much or more than any other elected office on a local level.

This is not an argument to have every parent within the city seeking a seat on the school board. Not every parent is qualified to hold such a position. However, we do think every parent should be interested enough in this forthcoming election to have sought a qualified person in their opinions to make the race.

Yes, those on the school board will be criticized time and again. However, they are not to be criticized even if their decision is wrong as greatly as those, who stand behind the door and make no initial effort to assure their children of the best methods of education.

———o———

## Relays "Good Will" . . .

Running of the twenty-second Cameron Relays has been completed. While the Yoe High School track team has not captured top laurels for its participation, the school and the Cameron Jaycees have done much to enlarge the name of "Cameron" in the minds of persons from throughout the state.

"Cameron Relays" in the 1957 version drew larger and more headlines than any other activity within the last year in metropolitan newspapers all around the State of Texas. Sports writers from a number were within the city for the occasion. More important still was the participation of the hundreds of track team members from over the state.

These youngsters, winners or losers, take home with them some knowledge of our city. A certain amount of this will remain with them for life. To them, their parents and the faculty of the schools they are attending, Cameron ceases to be just a name on a Texas map and becomes a part of their life.

To members of the Cameron Junior Chamber of Commerce and to the coaching staff and faculty of Yoe High School, we express our appreciation for the good will spread over the state during this twenty-second running of the Cameron Relays.

**LITTLE RIVER PHILOSOPHER WANTS THE RIGHT TO RURALIZE CITIES IF CITIES CAN URBANIZE COUNTRY.**

**Editor's note: The Little River Philosopher on his Johnson grass farm on Little River is talking a bout something that's probably none of his business, his letter this week reveals.**

Dear editar:

Where I live, there's not much danger of any city ever bringing my farm into its city limits, cities may be hungry for more area but no city could be that hungry, yet a lot of cities throughout the country are growing and expanding and taking in land all around them, and I understand it creates a problem, especially for a farmer who wakes up some moring to find his barn on the city tax rolls.

I was reading last night in a newspaper which some city man threw out of his car along with some tin cans while he was driving through the countryside out here earlier in the day where a big New York real estate developer says a city ought to have the right to annex the area around it. It's not fair, he said, for people living near a city to enjoy its advantages and not pay any of its taxes, and he said the city should have the right to take in the territory without the consent of the people taken in.

Now this may be a good idea, if it's allowed to work both ways.

For example, take city people. They enjoy the advantages of the land around them, at least they still enjoy food, and if they've got the right to urbanize the country, the country ought to have the right to ruralize the city.

A lot of city area would be hard to plow, but many's the time I've driven through a big city and thought about what my hungry cows could do to all the grass they have got growing on those city lawns. It the city has the right to rope in a country barn, the country people ought to have the right to fence off some of those lawns. If the city has the right tion is really none of my concern as any city that got so hard up for space it had to take in my farm would be faced with indigestion anyway.

However, the way I look at the problem is, if the country people want to move to the city, let em; and if the city people want to move to the country, let em; but when the city itself wants to move to the country, that's a different matter, although I don't know of anything anybody can do about it. You can't stop progress. If you could, they'd back up on the hydrogen bomb. I wash my hands of the problem. It's not my fault if everybody in the country wasn't farsighted as me and didn't pick out a piece of land nobody, farmer or city man, can do anything with.

Yours faithfully.

J. A.

## Children Of The Confederacy Officers Named By Mrs. Batte

Officers of the Children of the Confederacy according to Mrs. R. L. Batte, Sr., include 23 Cameron children. They are presently serving the Ben Milam, J. E. B. Stuart and Mary Black Chapters.

Jackie Dusek is president of the Ben Milam Chapter while Teena White serves as vice president; Patti Hightower, secretary; Linda Kirk, treasurer; Lanette Laffare, reporter, and Connie Gerick and Mary Alice Duncum compose the social committee.

President Glenn Blake heads the J. E. B. Stuart Chapter. Other officers are Mike Perrin, first vice president; Dickie Ponder, second vice president; Judson Smith, third vice president; Pam Green, secretary; Valerie Green, treasurer, and Lynette Green, reporter.

Mary Black Chapter officers include Murray McDermott and Barbara Jo Hickman, president and vice president respectively. Secretary is Rebecca Lynn Burnett and Beth Brock is treasurer. Richard Nuel Burnett is reporter for the chapter. Flag bearers are Patricia Ann Burnett, Tommie Brashear and Martha Lynn McDermott. Mascot of this chapter is Mary Elizabeth Blakr.

Mrs. Batte serves as an unofficial "guardian" of each of the three local chapters of the Children of the Confederacy.

During the first five days after their landing on Iwo Jima, Marine Corps communication crews laid more than 700 miles of telephone wire, although operating under heavy artillery fire and harassed by snipers.

The Marine Corps has three combat divisions with supporting forces and three Marine aircraft wings, to provide balanced ground air teams in its Atlantic and Pacific Fleet Marine Forces.

**Model for model, right across the board**

The Fairlane Club Victoria is a brilliant example of the Mark of Tomorrow styling and built-in plus-values that have made Ford the best-selling car in the nation.

# FORD is the lowest priced of the low-price three!

Everywhere you look in the new Ford, you see plus-value features. And these advanced features that make Ford your best buy today . . . also make it your best buy for the years ahead.

**There are many plus-values in the all-new "Inner Ford!"**
You don't ordinarily see many of the plus-value features that are built deep down into the all-new "Inner Ford." For example, such features as the new, sturdier, contoured frame and new suspensions, front and rear.

**There's a big plus-value in Ford power for '57!**
This year, you can pick a Ford engine to suit your power needs from a whole new family of mightier Ford V-8's. Or you may choose the new Mileage Maker Six.

**Ford is worth more when you sell it!**
The years-ahead styling and rugged "Inner Ford" features that make Ford worth more now are the features that will make it worth more when you are finally ready to sell it or trade it in.

**Ford is priced right!**
Comparison of manufacturers' suggested retail delivered prices proves that model for model, Ford is the lowest-priced, full-size car.

**Action Test a Ford . . . and see for yourself!**
The only way to get fully acquainted with a car is to get behind the wheel and drive it. And we will be happy to have you come in and Action Test a '57 Ford at any time.

**COME IN TODAY...get a great deal on the NEW KIND of FORD!**

Back in the days before coffee came conveniently roasted, ground and sealed in pressure-packed cans, making a cup of coffee presented a real problem. Mrs. Homemaker had to buy green coffee beans, then r o a s t and grind them herself. In 1864 a man named Caleb Chase saw the possibilities of blending and roasting coffee and selling it through grocers. Eventually he met James Sanborn, and the partnership of Chase and Sanborn, coffee roasters, was formed as one of the first companies of its kind in the country.

---

Trade names are curious words, often with no apparent derivation. "Kodak" for example, was the result of George Eastman's experimenting with hundreds of combinations of letters in 1888 in an effort to coin a short, punchy and easily-remembered trademark for his camera.

# News From Sharp

Mrs. Lee Williams celebrated her 92nd birthday at a Temple hospital Wednesday afternoon.

Mrs. Nelson Davis, Mrs. Max Rinn, Mrs. Ed Fowler and Mrs. Will Spiegel were present from Sharp in the early afternoon. They took Mrs. Williams a birthday cake, baked by Mrs. Davis and a pot plant. Later that day her daughter and son-in-law, Mr. and Mrs. Marvin Petty of Sharp, took a cake, baked by Mrs. Dwight Hine. She used her hospital birthday cake at an evening party for her nurses.

Mrs. Williams broke her hip in a fall at her home in Sharp Friday afternoon. She is reported doing as well as can be expected.

Mrs. R. F. Linhorst and her son and family, Mr. and Mrs. Floyd Linhorst and son, Gary of Shreveport, La., went to Coleman Thursday to visit Mrs. Linhorst's mother, Mrs. W. D. West, and sister and brother-in-law, Mr. and Mrs. O. D. Watson, in the Watson home. They also visited with Mrs. Linhorst's brothers, Preston West at Santa Anna and Clifton West at Coleman.

The Floyd Linhorsts left Saturday for Anderson, where they will visit her parents, Mr. and Mrs. John Benkaski.

The old Will Dittmar home burned Friday. It was owned by Leon Laffere and was filled with baled hay. It is a total loss.

Mrs. Henry Von Gonten is a surgical patient in a Cameron hospital. She is reported improving.

Mr. and Mrs. C. E. Guentzel of Coupland visited with her mother, Mrs. Tom Oliver, and her sisters family, the E. L. Modesettes, in their home Friday.

Mr. and Mrs. H. F. Lange spent the weekend in Waco visiting their daughter and family, Mr. and Mrs. Edmund Pollei and daughters, Helen and Barbara.

Senior class of Sharp High School presented the play, "Good Gracious Grandma", in the school auditorium Friday night. The play was sponsored by Mrs. Edith Norton.

Cast consisted of Leland Bean, Howard Pierce, Eva McCrery, Kathryn Bales, Janet Janke, Barkley Garner, Raymond Rydell, Robert Pope and Velma Crow.

Mrs. Sam Graham returned home Friday afternoon after visiting relatives in Houston. Her son, Sam Graham, Jr., accompanied her home for a short visit.

Mr. and Mrs. Onley Burch of Tyler are announcing the engagement and approaching marriage of their daughter, Betty Jean, to John Dewey Pope, Jr., son of Mr. and Mrs. John Dewey Pope, Sr., of Sharp.

Wedding will take place at the First Presbyterian Church in Austin on April 6.

# News From Yarrellton

C. B. Leonard was a patient in a Cameron hospital last week. He returned home Saturday p.m.

Mr. and Mrs. A. E. Bryant went to Plainview Saturday a.m. after receiving a message stating the death of his mother, Mrs. J. M. Bryant. She suffered a heart attack earlier in the week and died early Saturday morning in a Plainview hospital. She had been in failing health for several months prior to her death.

Mrs. Bryant, daughter of Mr. and Mrs. W. A. Wilkerson, Sr., was reared at Yarrellton, and is the sister of W. A. Wilkerson of Cameron. She married J. M. Bryant and they reared their son, Alton and daughter, Marjorie, on their farm south of Yarrellton. They moved to Plainview about 30 years ago. Survivors include her husband, one daughter, Marjorie of Plainview; one son, Alton E. Bryant of Yarrellton; one brother, W. A. Wilkerson of Cameron and two sisters, Mrs. Geneva Lankford and Mrs. Jesse Harris of Winters.

Bro. and Mrs. W. M. Veal were Sunday guests in the home of Mrs. Leona Griswold and Walter.

Mrs. Mary Chapman spent the weekend in the home of her daughter.

Mrs. John Clayton and son of Fort Worth visited her parents, Mr. and Mrs. Charlie Leonard, Monday. Myrtle Evans visited Mrs. Leonard Friday afternoon.

Mr. and Mrs. Bill Klapka and daughter, Pamela and Leroy Klapka of Corpus Christi, Mrs. Marak of Buckholts and Mr. and Mrs. A. W. Burnett of Cameron were recent visitors in the home of Mr. and Mrs. L. W. Klapka.

Saturday night guests in the home of Mr. and Mrs. C. E. Russell were Mr. and Mrs. Cecil Richerson and son, Tim of Port Arthur and Haley and Miss Alice Richerson of Rosebud, Route 3.

Mr. and Mrs. V. A. Adams of Cameron were Sunday visitors in the home of her father, Ed McCall.

The Blmenia-Maysfield quilting club met in the home of Mr. and Mrs. Charles E. Russell Thursday March 21, with 25 present. A covered dish lunch, dominoes and quilting were enjoyed. Coffee, cold drinks and candy were served during the afternoon.

# News From Buckholts

Mr. and Mrs. Albert Willie of Houston who were visitors here the past weekend were accompanied on their return home by her parents, Mr. and Mrs. Fritz Glaser, for a more extended visit.

Mr. and Mrs. Anton Svetlik and daughter, Kathryn, spent Saturday afternoon in Cameron visiting friends in the hospitals.

Mr. and Mrs. Arthur Taylor spent Saturday afternoon visiting his brother, Henry Taylor, who is a patient in a Temple hospital.

Weekend visitors in Houston were Mrs. John Zajicek and Mrs. George Wilhite who were guests of Mrs. ajicek's sister and family, Mr. and Mrs. Robert Marek.

Weekend guests in the home of Mr. and Mrs. Ed Jurca were her children, Mr. and Mrs. Delphin Jones and daughter, Brenda, Mr. and Mrs. Nelson Janes and baby and Mr. and Mrs. Wilbert Gommert all of Houston.

Mr. and Mrs. Henry Luksa and his nephew, Calvin Ruzicka of Ft. Worth spent the weekend as guests of her parents, Mr. and Mrs. Otto Richter and his sister's family, Mr. and Mrs. L. A. Svetlik.

ily, Mr. and Mrs. L. A. Svetlik.

Mr. and Mrs. Steve Zawadzke had as guests Thursday night, his sister and brother-in-law, Mr. and Mrs. Dan McKinney of Clovis, New Mexico. The McKinneys also visited relatives in Waco and Rosebud.

Steve Zawadzke entered a Cameron hospital Sunday for medical treatment and a check-up.

Mr. and Mrs. Floyd Stark were visitors in Houston the past weekend.

Dr. Cora Wells and her nephew, Alan Wells of Rogers; Mr. and Mrs. Williard W. Karnes of Temple and Mrs. Millie Krall, have returned from a vacation trip to Brownsville, Renosa, Mexico and in the Valley. While en-route home they stopped at Robstown over-night where they were guests of Mrs. Krall's son and family, Mr. and Mrs. Glen Krall.

Ernest Fischer, who has been ill with 'flu', is reported much improved and able to be out again.

Baptist WM ULadies have changed their meeting date from Wednesday evening to Wednesday afternoon at 3:30 p.m.

Friends of the Arlie Loftin family will be glad to know they are moving back to Buckholts.

Mr. and Mrs. J. W. Meyer's guests Sunday were their son, John R. Meyer of Houston and Miss Beverly Zalmanek of Caldwell.

RAYMOND CRADDOCK GREEN was honored with a birthday party March 3. Eight guests and their mothers were present at his party. The children played from the toy box, then sang "Happy Birthday" as his white cake with green candles and lettering was cut and served with ice cream and punch. Tiny cameras, balloons and bubble gum were given as favors. His guests gave him numerous nice and useful gifts while on his birthday, March 6, he received other gifts, money and cards from the members of his family and from many friends. A picture on "Happy Hour" and "Sixteen Tons" played over the radio station were dedicated to him. His parents, Mr. and Mrs. Raymond Green, gave him a long-promised and looked forward to weekend in San Antonio, where they visited the zoo, and the Alamo. A very tired but happy little boy finished a very nice birthday week Sunday night, March 10, according to his mother.

## Billie Nell Johnson Sings In Light Opera

Miss Billie Nell Johnson of Cameron, a sophomore at Southwestern University in Georgetown, sung a role in the opera, "Monette", which was presented in the Alma Thomas Theatre last Thursday evening, March 21.

"Monette," a short light opera, was the second portion of the program offered by the Delta Nu chapter of Delta Omicron, women's professional music fraternity. Other portions of the concert included a group of piano solos, a suite for trumpet and a two-piano number.

---

The word "nut" we are told by the Royal Nuts, comes from the Anglo-Saxon hnutu, which has lost two letters in modern parlance.

A recent survey disclosed that the playing cards used in most American homes are at least ten years old.

The number of American families who own cameras is steadily increasing. Three years ago, 33 million families owned cameras. Two years ago, 35 million families were shooting snapshots. And today, there are 36 million families in America with cameras, spending 400 million dollars a year on supplies and equipment.

TELEPHONE TALK

by C. L. Carson, Manager

## 9,000 Calls a Minute

Have you ever thought, as you picked up the phone, how many other people were doing the same thing that very minute?

Well, believe me, you're not alone — you've got lots of company. Texas people used their telephone 9,000 times a minute last year.

That's just for local calls. Long Distance lines were busy, too, as Texans called out-of-town 98 million times in 1956. Cameron people used their telephones more in 1956 than in previous years. This was a record number of both local and Long Distance calls, but it looks now as though 1957 will be an even busier telephone year.

What's behind the steady increase in the number of telephone calls? For one thing, thousands of new telephones are added each year, but there's more to it than that.

Nowadays, people seem to count on their telephone to do more errands for them, to help them keep up with the faster pace of living and doing business.

Personally, I think it makes a lot of sense. You can do just about everything faster and easier with the telephone.

## Looking Ahead to Weekends

If you're like most people, you look ahead to weekends.

That's when family and friends get together to relax and have fun.

Unfortunately, sometimes all the family can't be on hand, or perhaps you haven't heard from some old friends for too long a time.

There's no point in letting this dampen your weekend fun. Just reach for the telephone and call them Long Distance. They'll be glad you called — and so will you.

Rates are lower all day Sunday, and after 6 p.m. weekdays.

And remember to call by number — it's twice as fast.

## Convenience Is Here To Stay

All around the house, every day, we see convenience and more convenience.

Dad has his easy chair conveniently located next to his favorite reading table. Mother has a novel or her sewing basket near her. And the youngsters like to have a radio or record player in their room.

Maybe this is the time to take another look at your telephone service to make it more convenient for you and your family.

Why not have telephones where you want them, when you need them? We'll install additional phones wherever they serve your family best — in kitchen, bedroom, or any room in the house.

The cost is low, only $1.00 a month plus tax and a small one-time installation charge. Just call the telephone business office.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

## Jimmie L. Norwood Completes School

Army Specialist Third Class Jimmie L. Norwood, son of Mr. and Mrs. Charlie White of Cameron, recently was graduated from the nine-week equipment maintenance course at The Engineer School at Fort Belvoir, Virginia.

Specialist Norwood entered the Army in 1952 and was stationed at Fort Hood before arriving at Fort Belvoir.

## Massengale Given 2-c Petty Officer Grade

Selected at the Naval Training Center, San Diego, California, as apprentice petty officer, second class, is Benny C. Massengale, son of Mr. and Mrs. Ben G. Massengale of Cameron.

Selected at the Naval Training Center, San Diego, California, as apprentice petty officer, second class, is Benny C. Massengale, son of Mr. and Mrs. Ben G. Massengale of Cameron.

The Apprentice Petty Officers, graduated March 16, were chosen from the ranks of the seaman recruits to assist the company commanders. The selection was made on the basis of aptitude and leadership qualities of each individual.

## Caldwell Returns From Antarctic Trip

William W. Caldwell, seaman apprentice, USN, son of Mr. and Mrs. Berry C. Caldwell of Cameron, was scheduled to arrive at San Diego, March 25, aboard the seaplane tender USS Curtiss from the Antarctic.

The Curtiss was one of 12 U. S. Navy and Coast Guard ships supporting the International Geophysical Year program in Antarctica this year.

Among the passengers aboard were 140 Seabees who spent the past winter on the frozen continent. A five-day visit was made to Sydney, Australia, on the way home.

## Measles Lead County Diseases For Week

Reportable diseases in Milam County for the week ending Saturday, March 23, were composed of eight varieties with a total of 46 being named by Dr. John B. Bryson, director of the county health unit.

Those named by the director and the number of each are strept. throat, 12; measles, 13; influenza, 10; chickenpox, six; rheumatic fever, two, and one each of typhoid fever, chancroid and mumps.

TRADE IN CAMERON

ENGAGEMENT AND APPROACHING MARRIAGE of Miss Lu Wane Asher to Lt. James Bryce McClellen is announced this week by her parents, Mr. and Mrs. Jimmie H. Asher of 100 West 12th Street, Cameron.

## Lu Wane Asher's Approaching Marriage Told By Her Parents

Mr. and Mrs. Jimmie H. Asher of 100 West 12th Street in Cameron are announcing the engagement and approaching marriage of their daughter, Lu Wane, to Lt. James Bryce McClellen, son of Mr. and Mrs. H. B. McClellen of 603 North Houston.

Miss Asher is a '54 graduate of Yoe High School and will graduate from Baylor University in May. She will receive a BA degree with a major in journalism and education. Miss Asher is a member of Pi Alpha Lambda, Theta Sigma Phi, Alpha Chi, Kappa Delta Pi and Chi's. She is also editor of the Baylor Lariat and is a member of the Board of Publications.

Lt. McClellen, a '52 graduate of Yoe High School and will graduate in '56. While at Baylor, he was associated with the American Institute of Physics and the Golden Wave Band. He holds a BS degree in physics and math.

Upon graduation he received a commission in the U.S. Air Force and is now in training to be a navigator at Ellington Air Force Base in Houston. Lt. McClellen will receive his wings in May.

The couple plan a late spring wedding in the First Baptist Church in Cameron.

## Francis Cox Serves As Judge In Contest

Francis Cox, director of the Yoe High School Band, was in San Marcos last Thursday and Friday, March 21 and 22, where he served as one of the judges for the Region 6 Band Contests, University Interscholastic League.

This region is composed of several counties stretching from Austin to Uvalde and from below San Antonio and east to LaGrange.

The contests in San Marcos consisted of band concert playing, band sight reading, solo competition and small ensemble contests. Cox's particular task was that of judging bands in sight reading. All contests were held on the campus of Southwest Texas State College.

Cox returned to Cameron Friday night, March 22.

United States shrimping, which now brings in an annual 220 million pounds of shrimp, did not put out to sea until 1917. It was at this time that the small offshore boats were replaced by ocean-going trawlers and the industry began its big-time career.

# News From Burlington

Mr. and Mrs. Leonard Pelzel gave a birthday party at the Recreation hall Saturday night in honor of the 14th birthday of their daughter, Shirley. Several relatives and friends enjoyed the party.

A soil conservation meeting was held at the Recreation hall Thursday night, March 21. Purpose of the meeting was to give out information on construction of water lakes. There was good attendance. Principle speakers were Carl Young from the Board of Temple and Clarence Stock of Barclay, secretary.

Mr. and Mrs. J. B. Davenport and baby and Fred Davenport, Jr., of Corpus Christi, visited relatives here and at Marlin last week end.

Mr. and Mrs. Herman Schulz accompanied by some girls from Burlington, attended the Falls County Girls Auxilliary Coronation at the First Baptist Church in Rosebud Tuesday night, March 19.

Mrs. Herman Schulz entertained about 30 Rosebud and Burlington ladies in her home with a "coffee" Friday afternoon. She served coffee, cold drinks and various kinds of cake. Most of the time was spent in conversation and getting better acquainted.

This area has had good rains and tanks have water in them which had not been the case in quite a while. Farmers are now ready to begin planting some of the crops.

Walter Heugatter underwent an apendectomy in a Cameron hospital Wednesday, March 20. He is getting along nicely and will be home soon.

George Mode was on a trip to Oklahoma last week.

Rev. La Verne Thompson filled his regular appointment at the Baptist Church here Sunday morning and night.

Mrs. Billie Ray Benesh who was taken to a Cameron hospital, March 19, is getting along fairly well but is not able to leave the hospital yet.

Herman Dorner of Burlington and Melvin Dorner of Cameron were at Lake Charles, Louisiana and San Antonio, on business recently.

Mrs. Annie Shanahaw died in Houston, Monday, March 18. She had lived in Burlington from 1909 till 1913. The funeral was held in Houston Wednesday, March 20. Her nephew, Dan Driscoll of Burlington, attended the funeral. Her husband was buried in Ireland.

Pete Benesh and his son, Billie Ray, have been on the sick list but both have improved.

Mr. and Mrs. Bobby Wied and children of Farmington, New Mexico, are visiting his parents, Mr. and Mrs. Robert Wied.

Mr. and Mrs. Bruce Crook of Freeport visited her parents, Mr. and Mrs. Robert Wied recently.

Ed Martin of San Antonio visited his mother and other relatives here recently.

Mr. John Meek, Sr., passed away in a Cameron hospital Saturday morning. Funeral services were held in Cameron Tuesday morning at the Catholic Church. The body was at Marek-Burns Funeral Home up to time for burial which was in a Cameron Cemetery. Rosary was said Monday evening.

## Sgt. Willie Manners Now In Newfoundland

Sergeant First Class Willie A. Manners, son of Mr. and Mrs. Roy D. Manners of Route 3, Cameron, is a member of the Transportation Terminal Command, Newfoundland.

Sergeant Manners entered the Army in 1941 and completed basic training at Fort Riley, Kan.

100 Pontiacs FREE!

TO PROVE TO YOU WHAT THE EXPERTS ALREADY KNOW ABOUT AMERICA'S NUMBER ① ROAD CAR!

Drive the Champ!

First the automotive writers said, "Keep your eye on Pontiac . . . this one's a sleeper"! Then the California Highway Patrol chose Pontiac after three days of grueling competitive tests of six of America's top performers. Next, in the top stock car event of the year, NASCAR's 160-mile Daytona Grand National*, Pontiac outperformed everything on the beach including super-charged and fuel injection cars!

NOW IT'S YOUR TURN—Slip into that roomy driver's seat. Gently nudge the accelerator and feel Pontiac's barrel-chested 347 cu. in. Strato-Streak V-8 go into action. Put its instant response and Precision-Touch Control to a traffic test. Choose your own rough stretch and feel it disappear under Pontiac's Level-Line Ride. Then head for the open road and give that deep-breathing power plant a chance to show its mettle in the fresh open air. *Man—you've got a champ on your hands for sure!* And to make it even more fun—there's a chance to win a free Pontiac! Just follow the instructions at the right—you may be a winning driver!

HERE'S ALL YOU DO!

1 Go to your nearest authorized Pontiac dealer during April and test drive the 1957 Pontiac.

2 Fill out the official entry blank and deposit it with your dealer. That's all there is to it!

SUBJECT TO LOCAL, STATE AND FEDERAL REGULATIONS.

*DAYTONA GRAND NATIONAL CHAMP! A stock 317-h.p. Pontiac with Tri-Power Carburetion—extra-cost option on any model—beat all competing cars regardless of size, power or price in the biggest stock car competition of the year!

# Crowd Expected To Be Present To Hear Berg

Sportsmen totaling from 200 to 600 persons are expected to be present at the Milam County Sportsman's Club at 7:30 p.m. next Tuesday night, April 2, at Simon-George Memorial Hall in Cameron.

Speaker for the meeting will be Harley Berg, who has a weekly television program. According to Albert Edmonds, president of the club, Berg will have a number of films to show along with his lecture. Both the lecture and the films will concern the conservation of wild life in this and surrounding areas.

Members of the club and porspective members are especially urgd to be present at the meeting. Berg, an ex-game warden and one of Texas' leading fish and game enthusiasts, is expected to present a program of interest to every person in the area whether thy are interested in stalking game, hooking the "big ones" or are land owners interested in proper control of hunting and fishing on their own land.

Refreshments will b servd following the program. These will be supplied by an organization of Cameron Catholic women. The members of the Milam County Sportsman's Club, prospective members and a number of guests will be present at the meal for a regular business meeting. Officers of the club for the forthcoming year will be elected at this meeting.

All the public is invited to the program itself during which Berg will speak.

## Moisture Good For All Growing Crops Here County Agent Says

Regular weekly crop report by J. D. Moore, Milam County agricultural agent, last Friday, March 22, indicated surface and subsoil moisture good for all growing crops.

However, Moore reports all fields too wet to work for last week. He added that the county has the best moisture condition in several years.

Concerning small grains, condition of all were "very good." No damage was reported during last week and prospects were good for an excellent hay and grain crop.

Livestock conditions are very good. Pastures are in good shape and rain last week furnished stock water for tanks.

Milam County prospects for all truck crops were reported good and tomato plants are off to a good start. Good rains should encourage planting of home gardens, Moore declared. He added that plants should be protected from cut worms by dusting chlorodane around the base of plants.

Progress of farm labor within the county during the week between March 16 and March 22 was at a standstill because of the wet fields, the county agent said.

## Births

Patricia Faye Horelica weighing seven pounds and 13 ounces was born to Mr. and Mrs. Emil Frank Horelica of Cameron on March 6, 1957.

Janice enise Price weighing eight pounds and nine ounces was born to Mr. and Mrs. Ivy Ralph Price of Buckholts on March 5.

Addison Wesley Harwood weighing six pounds and six ounces was born to Mr. and Mrs. J. C. Harwood of Dublin on March 10.

Willie Tom Sisneroz weighing seven pounds and four ounces was born to Mr. and Mrs. Fred P. Sisneroz of Rosebud on March 7.

Marilyn Louise Harris weighing six pounds and eight ounces was born to Mr. and Mrs. David Harris, Jr., on March 13.

Debbie Lynn Lagrone weighing nine pounds was born to Mr. and Mrs. Amos Lagrone, Jr., of Milano on March 11.

Straggen Gene Rosemond weighing seven pounds and a half ounce was born to Mr. and Mrs. Clifton Rosemond of Cameron on March 13.

Cynthia Jane Knight weighing seven pounds and three ounces was born to Carrie Knight of Cameron on February 11.

Vickie Denise Ezell weighing seven pounds and five ounces was born to Mr. and Mrs. Eddie Joe Ezell of Buckholts on March 17.

Diana Sue Clayton weighing six pounds and 13 ounces was born to Mr. and Mrs. Allan Gaines Clayton of Rockdale on March 15.

Melissa Gayle Gibson weighing seven pounds and one ounce was born to Mr. and Mrs. Gordan Curtis Gibson of Rockdale on March 19.

Jesus Vargas weighing eight pounds was born to Mr. and Mrs. Camilo Gonzales Vargas of Cameron on March 16.

Twins were born March 18 to Mr. and Mrs. Othie Columbus Seaton of Rogers. At the time of birth Gail Seaton weighed six pounds and four ounces while Dale Seaton weighed seven pounds and 12 ounces.

U. S. railroads handle an average of 300,000 express shipments daily or 109,000,000 a year. Those include many requiring special attention or quick handling, such as gems, works of art, animals, toys.

## THE Sportsmen's Corner — TIPS FROM SPORTS AFIELD MAGAZINE

FISHING AND HUNTING AUTHORITY

Are you like the fellow we know who keeps X-ing the calendar all winter waiting for THE DAY when the fishing season opens?

He just keeps busy X-ing. Never touches his tackle until two frantic days before he sets out for the lake or stream.

Our tip is this: there's plenty to do checking lines and guide wraps, collecting new lures, cleaning reels, patching waders, etc. At least it keeps our minds off the fact that the season's closed now — but that Spring is in the air.

**Talking about fishing, have you seen the new Ashaway Line "Roll-A-Way" dispenser? Even an amateur can now fill his own reel quickly, easily, and with professional skill . . . If you like to take the whole family fishing Old Town's 18-foot Lapstrake Ocean Model boat's for you. Roomy, rugged, long seaworthy life . . . The Cape Cod Chamber of Commerce has an excellent free Sportsman's Guide that tells you salt water fans all about their striped bass, bluefish, and tuna.**

Did you know that hunters and fishermen travelled almost 24 billion miles by automobile during 1955?

**One thing we like about Bausch & Lomb's new BALscope, Sr. telescope is that it's as easy to use by just us plain lookers as by the amateur astronomer . . . Sunset Line have a new pinkish-colored "Coral-King" line said to be invisible to fish. Tests show it's consistently produced bigger catches.**

The Coleman Company, makers of Outing Pals camp stoves and other outdoor equipment, has an interesting new booklet (free) that tells about family enjoyment of our great national parks . . . Max Eggleston, pro guide down in Lake Texoma, Texas, writes to tell us his fishing parties caught 1370 sand bass and 33 black bass in 16 days last October. He's a big booster of Weber's Mr. Champ spinning lure . . . The new Feathertouch Control on several of Zebco's reels enables the spin fisherman to spin with the precise accuracy of the bait caster.

**If you've always wanted to own one of Kennedy's tackle boxes (but were kind of worried about price) their brand-new line of popular price models is for you . . . Dragonfly's famous 4-horse airdrive outboard (goes up to 40 M.P.H.!) has undergone design changes — with some very interesting results . . . There are 26 new models in the '57 Speedliner Fleet. We particularly like the new bottom on their runabout models.**

Hack's new Ripple Sole reduces walking shock up to 45%, we're told . . . Did you know that the world's record bass — 24lbs. 4 oz. — was caught in the State of Georgia? . . . Tired of the usual colorless bull's-eye type of target? Crosman's have new shooting game targets. 17 to the package, complete with fun-game rules.

**You still have time to catch the Johnson Outboard Motor Dealers' "All-Family Boat Show" (March 8-17). Check the Yellow Pages of your Red Book for your local dealer's address . . . Chippewa's new "Mountaineer" boot looks like it meets the need for a top-quality boot that's rugged enough for sportsmen's use . . . Shell Lake's "Rambler" runabout, brand new for '57, is a 14-footer that's really built for speed . . . Years of scientific research at South Bend Tackle have produced their new Banshee fly line with a surface so smooth that it's practically friction-free . . . Has anyone made a pipe lighter as versatile as the Beattie Jet?**

Jim Quick, who should know his subject, has an excellent feature on trout fishing in the March issue of Sports Afield that no fisherman can afford to miss. And Rusty Annabel's got one of his wild yarns about tangling with "broncho" marlin that's loaded with excitement. Know you'll like 'em.

*For further information on all products reviewed in this column, write to Sports Afield, Dept. C, 959 Eighth Avenue, New York 19, N. Y.*

## OUR SOIL ★ OUR STRENGTH

Following the recnnt rains, a great many landowners in the Little River-San Gabriel Soil Conservation District who have farm or ranch ponds are requesting stocker fish for them. Request forms for ordering fish are available in the Soil Conservation Service Work Unit headquarters in Bartlett.

A pond of not more than one acre can provide all the fish the average family can use. New ponds are better than old - you can start them right.

**Pond Management**

Research and practical experience have shown that bass and bluegill bream can be managd most effectively in farm or ranch ponds. Somtimes channel cat can be added. Results with crappie, goggle-eye, bullhead, etc. are unusually recommended because they are hard to manage.

The latest stocking rates that are available for farm or ranch ponds from the Fish and Wildlife Service are 150 bass and 100 bream (either redear or bluegill) or 100 bass, 100 bream and 50 channel catfish.

**Use Fertilizer**

Fertilizer will increase the poundage per acre per year over the unfertilized ponds. It will also help to control waterweeds that are so common in clear water. The "bloom" created forms a shade that retards weed growth.

Fertilization with 100 pounds of 8-8-8 per acre should start around April 1. Another application of 100 pounds of 8-8-8 in two weeks should be made. Then apply 100 pounds of 8-8-8 per acre as determined by the "bloom" in the water. Proper fertilization will take from 500-700 pounds of 8-8-8 per year. If the pond owner does not want to go all the way with his fertilizer program, he should go the unfertilized route and accept a lower poundage of catchable fish.

It isn't necessary to fertilize before the pond is stocked. Fertilizer "bloom" in a pond has a milky green appearance. If you can see your hand with your arm in the water midway to your elbow, the pond needs fertilizing.

**Clear Muddy Ponds**

If the pond is muddy one ton of barnyard manure per acre put in every two weeks for a month or two will help clear it. However, a good cover of grass on the drainage area above the pond will help solve this problem much better.

To find out when to start fishing after a pond is stocked, use a minnow seine to find out whether both bass and bluegills have spawned. After you find young fish of both kinds, fish the pond as much as possible from then on. Do not expect channel catfish to spawn.

**Building Ponds**

The following farmers cooperating with the Central Texas Soil Conservation District have recently built farm ponds. They are E. B. Lamar, A. W. Lange, B. O. Herrington, W. O. Rachui and Jerry Bedrich.

Soil Conservation Service personnel from the Temple Work Unit designed and staked these ponds. They will insure a year-around supply of livestock water once they are filled and are located to cause a better distribution of grazing.

There was enough run-off from the good rains of last week to put water in all ponds. Among ponds checked there was no pond which had not caught enough water to permit stocking with fish.

Ponds on the farms of Rachui, Webb Wofford, B. M. Mahler, Floyd Hargrove, W. H. McCormick, Temple McClain, W. W. Eldridge, Edwin Lehman and Edwin Marek were among the ones checked.

**Seeding And Sodding**

The following farmers have seeded or sodded pastures and waterways. They are Frank M. Knowles, L. A. Miller, S. R. Kocurek, Blackland Experiment Station, W. B. Jackson, H. L. Sprinkles, Egon Bunte, Emil Adams, M. T. Miller, Earl Neal, Mrs. Mary Payne, Edwin Psencik, R. B. Kamensky, H. E. Lagrone and L. B. Thompson.

# Knights Of Columbus To Hold Open House At K. C. Hall

Governor Price Daniel has designated Friday, March 29, as Knights of Columbus Day in Texas.

Seventy-five years ago on this date the State Legislature of Connecticut issued a charter to the Knights of Columbus. The original incorporators were Father Michael J. McGivney, assistant pastor of St. Mary's Parish in New Haven, Connecticut, and six of his parishioners.

On this Diamond Jubilee there are more than one million members of the Knights of Columbus in over 4,000 councils in the United States, Canada, Mexico, Cuba, Puerto Rico, Panama and Philippine Islands. Texas has almost 30,000 members in 152 councils, located in 138 communities.

Here in Cameron, Henry Schattie, Jr., is Grand Knight of Cameron Council No. 2338 with a membership or over 200. On Thursday evening, March 28, an open house will be held at the local Knights of Columbus Hall to celebrate this Diamond Jubilee. Out of town guests for this evening will be Edwin D. Gunter, executive assistant of Austin and Willard Green, district deputy of Austin.

The Cameron Council of the Knights of Columbus was instituted on December 11, 1921, through the efforts of Father Simon Spinneweber and a number of local parishioners. B. P. Matocha was elected their first Grand Knight.

Governor Daniel, in designating March 29, as Knights of Columbus Day in Texas, paid a tribute to the record of this organization on behalf of country, church, community and fellowmen and in recognition of its contribution in religious, social welfare, youth work and patriotic endeavors.

## Milano Women To Aid In Cancer Drive

Members of the Milano Home Demonstration Club resolved to distribute cancer pamphlets and anyone wishing to contribute to the Cancer Research Fund may do so by giving to any of the members or by placing donations in the jars by cancer posters in the community.

This decision was made at the meeting of the group on Thursday, March 21. Next meeting will be held Thursday, April 4, at the Hayman residence.

Mrs. Alice Hughes, county home demonstration agent, showed the group a film on various room arrangements.

## Delphian Club Members Meet

Mrs. Alvin Dusek was speaker at a recent meeting of the Cameron Delphian Club at which time she spoke on "Let's Talk About Flowers". The meeting was held Tuesday afternoon, March 19, at the home of Mrs. A. W. McCullin.

Discussion of the subject by the speaker was a lesson to all those anticipaing entries in the forthcoming flower show. The spaker has given special attention to the study of flowers during the past few years, result of which has been her acceptance by most floral clubs in this part of the state as an authority on artistic floral designs and information.

Miss Mildred Thornton gave a report of her recent visit to Houston during which she was a delegate to the Fourth District Convention of the Texas Federation of Women's Clubs. This convention was held March 4-6.

Co-hostesses for the meeting were Mrs. MCCullin and Miss Sue Butts. Mrs. Morris Eplen, president of the organization, was in charge of the business session.

During the social hour, refreshments were served from the dining room. Mrs. Carroll Green presided at the silver coffe service, and Mrs. Jimmie Asher served squares of a pink and white delicacy. The table, laid with a pink linen cloth, was adorned with a beautiful elongated arrangement of pink and white spring flowers and small decorated parasols.

Mrs. Gene Blake was a guest of the club members at the meeting.

## Ann Laake Bowls Week's Top Game

Women bowlers last week in competition on Monday and Thursday nights, March 18 and 21, found Ann Laake placing high in single games with 180. She also accounted for a turkey (three strikes in succession).

Veronica Michalka took second place with 171, and Connie Riddle was third with 162.

Agnes Barton also made a turkey while difficult splits were picked up during the two evenings of bowling by A. Schattle, J. Pernice, C. Humplik, D. Dillon, I. Mees, L. Richter, C. Riddle, M. Hollas and B. McCoy. Norma Mees was awarded a box of candy with the compliments of the New Cameron Drug Company for bowling the most over her average of 72. Mary Ann Laake received a shampoo and set for the most strikes in three games (nine) by courtesy of Audrey's Beauty Salon.

Woodum Auto Saies keglers placed first in the high for a single game with 562 and also in the three game series with 1,592. Green's Funeral Home team was second for both single and three game series with 556 and 1,556 respectively. Third team in both divisions was Coca-Cola with 531 and 1,571.

Standings of the eight teams in the Cameron Women's Bowling League at the beginning of this week follow.

| Team | W | L |
|---|---|---|
| Vaculin Serv. Sta. | 25½ | 14½ |
| Woodum Auto Sales | 24½ | 15½ |
| Green Funeral Home | 23 | 17 |
| New Cameron Drug | 22½ | 17½ |
| Coca-Cola | 21 | 19 |
| National Hall Club | 15½ | 24½ |
| Pearl | 15 | 25 |
| Falstaff | 13 | 27 |

Her brother, John Gordon, is a patient in Brooks hospital in San Antonio and another brother Hugh Gordon is a patient in a Houston hospital. She was formerly Miss Mary Gordon, daughter of Mr. and Mrs. Pat Gordon here and was reared here.

# Local Board Considers 75 Files At Recent Meeting In Cameron

Local Draft Board No. 92 met in regular session on March 17 with abcut 75 files coming before the board for classification consideration.

Four men were forwarded to the induction station on March 14. They were Isidore T. DelaRosa, John Freeman, Jimmy L Reed and Thomas F. Dodd. There were 11 others forwarded for preinduction physical examination on the same day. These were L. C. Johnson, Edmond W. Roberts, William W. Caffey, Weldon Gene Henson, Charles L. Patschke, Robert J. Halpain, Ival L. Crouch, Clifton H. Gibson, Arthur E. Woelfel, Davis T. Mitchell, O. D. Ellison and Lester G. Brooks.

William Caffey was the leader of the group, which left by regular bus from Cameron. Those who went for physical examination were returned to Cameron the next day to await notice of results of the examination.

The local board is trying to locate Allen Johnson and anyone knowing his whereabouts, or the names of persons who might know his whereabouts, is requested to report the information to the local board office.

**Report To Local Board**

Registrants who are separated from active duty and have previously registered are required to report to the local board office with a copy of their DD Form 214 and make application ot the local board for issuance of a duplicate registration certificate. They will not be re-registered, but will be issued the duplicate certificate and after the board has acted on these cases, new classification notices will be mailed.

Any young man age 17 and before attaining the age of 26 may volunteer at a local board office for induction into the armed forces by filing an application for voluntary induction, provided that those men who are under 18 can produce a statement signed by the parents or guardians giving the man permission to volunteer for active duty in the armed forces.

A postponement of induction does not render invalid the Order to report for induction which has been issued to a registrant, but only postpones the time when he is to report. When the postponement has expired, the board does not issue another order to report for induction, but notifies the registrant by letter of the new reporting date.

**Men Registering**

Thirteen young men, upon becoming 18, registered with the local board office during the month of February. They are Frank Thompson, Jr., John E. Beavers, Milton C. Allen, Edward N. Shuemate, Joe B. Rogers, W. T. Phnix, Jimmy T. Morgan, Simon R. Zapata, Bobby M. Foehr, Donald R. Whiteley, Roy L. Halpain, Monroe H. Bayer and Loyd W. Locklin.

The local board is looking for Raymond Eugene Lutz, Lawrence Edward Lindsey and Ellis Ray Lindsey. Anyone knowing the whereabouts of any of these men is requested to notify the local board office.

Letters are still being mailed to registrants, asking them to report changes in status and many cannot be delivered by the post office because of incomplete or inadequate address. Registrants are requested to give us complet aned correct addresses when notifying us of change of address or at the time of registration. Those registrants living in Cameron, whose stret name or house number has been changed, are requested to notify the local board office without further delay.

There is a sole surviving son provision in the Selective Service Act which provides for IV-A classification for a sole surviving son of a family where sons or daughters of the same family were killed in action while serving in the armed forces of the United States.

Registrants classified in Class I-A and I-A-O must be selected and ordered for induction in accordance with the six liable groups in the order of their priority for selection for induction. The first group are the delinquents, then volunteers, then men without children. Thus far, it has not been necessary to call on the men in the other three liable groups, including married men with children or expectant fathers.

The local board will not issue an order for a registrant to report for induction either during the period afforded the registrant to take an appeal to the appeal board or during the period such an appeal is pending. If such an order is issued, then it will be canceled. Registrants should read the instructions on their classification notices so that they will know what steps to take in order to exercise their right of appeal.

Friends here of Ed Maas of Briary are sorry to know he is ill in a Cameron hospital.

YOE HIGH SCHOOL WINNERS in the "Maroon and Gray" Day at the Cameron high school are shown in the costumes in which they were designated for the honor, one of the highlights of each school year locally. They are (kneeling) Sissie Varner, Bernice Zarosky, (standing) Wanda Kirk, Pat Bailey, Turner Newton and Pat Matula.

## Walter Psannstiel Dies In Houston

Funeral services were held at 2 p.m. Sunday at the Marek-Burns Funeral Home for Walter Psannstiel, who died in a Houston hospital Friday, March 22, 1957, following a long illness.

The Rev. F. T. Fager of Rockdale officiated. Interment was in the Sharp Cemetery.

Survivors include two sisters, Mrs. August Glaser, Jr., of Cameron and Mrs. John Hanke of Buckholts, and one brother, Fritz Psannstiel of Buckholts.

## Civic Garden Club Wins Award

Cameron's Civic Garden Club received the award of merit at the Fifth District meeting held recently at Buchanan Dam.

This award was made for the club's 1956-57 year book with the grade point of 93 winning a blue ribbon and gold seal certificate.

Mrs. Edwin Adams was chairman of the year book and program committee. She typed and memographed the book. Co-chairmen were Mrs. Frank Schiller, Mrs. Leo Fuchs, Mrs. R. G. Grabein and Mrs. Roy Wright.

ALCOA FOUNDATION'S annual $2,000 college scholarship at the Rockdale Works for 1957 has been awarded Miss Billie Jean Williams 17-year old high school senior from Milano. The daughter of Mr. and Mrs. L. D. Williams, Billie Jean was named to receive the award from a field of 15 candidates, each the son or daughter of an Alcoa employee. She plans to enter Mary Hardin-Baylor College this fall to study homemaknig with an eye on a future in teaching. In addition to maintaining a strong grade average, she has also found time for school organization activities and for basketball, volleyball and softball.

SECOND FLOOR, MILAM COUNTY COURTHOUSE.-At top is the district courtroom. Note poor lighting, unscreened windows open for ventilation. Second scene is courtroom viewed from Judge's bench. Note props under balcony brackets. Oon engineer, making a survey of structural condition of the building, said, "The gallery should be removed from the building before it collapses and seriously injures spectators." Next is a view of the district courtroom as spectators see it. Note contrast of few new chairs with old furniture. Last of this series is picture showing wooden floor in Sheriff's office. Note exposed gas lines, worn furniture. Area according to engineers' views is a fire hazard. Others' views report same as difficult to clean.
